To whom it may concern

GROUP MEMBERSHIP OF RATELS GOLF CLUB AT KEMPTON PARK GOLF CLUB (KPGC)

May I take this opportunity to thank KPGC for inviting our social golf club (" The Ratels") to have their club as our "home club " from the beginning of this year.

We were welcomed with open arms and as a group accepted in the KPGC family.

Our club, the Ratel golf club is a social club where a group of approximately 50 businessmen from the Gauteng area plays golf at least twice a month (22 games) in a season. KPGC recognized this as an opportunity to attract more members and they tailormade a package for us to join them as members and we are now playing at least 50% of our annual games at KPGC.

Since joining we have experienced not only the comradery of a well-run club but also noticed the improvements in the club as far as facilities, grounds and course. Well done to the management of KPCG.

This was one of our better decisions, joining such a forward thinking club like KPGC and the philosophy we experienced is one of " for members and their benefit " - we are happy to be part of that and enjoy these benefits and conditions as golfers.

Kind regards

Gerrit Strydom
